

Strengthening the Links in Your Supply Chain

*“The Biggest Risk of All is
Doing Nothing!”*

Hear from previous attendees why this is a vital, can't-miss seminar!

CertainTeed
SAINT-GOBAIN

- *“... very **valuable** for both people trying to start a sustainability program in their company and those that **need help** with an existing sustainability program.”*
- *“I was able to **create action steps** and an **attainable action plan** to take back to my company.”*
- *“Great opportunity to **work with forward-thinking, like-minded individuals** in order to **share challenges** as well as **best practices** and **innovative ideas**.”*
- *“...great time to take a step back and **focus on our entire sustainability program**.”*
- *“**Valuable hands-on workshops** with **specific examples**.”*
- *“**Helped bring together stakeholders** that aren't always in the same room to discuss sustainability.”*
- *“I learned how to **generate support from employees and management** within my company.”*
